Kedah's Dynamic Economy Presents A Wealth of Opportunities

Kedah's booming economy and diverse industries offer lucrative investment opportunities in its vibrant property market. Its strategic location and affordable property prices attract both local and international investors seeking profitable ventures.

Dominating the Region: Kedah's Triumph Fuelled by Flourishing and Diverse Industries

Agribusiness

Kedah, the "Rice Bowl of Malaysia," contributes a significant portion of the country's rice production and hosts thriving sectors in paddy cultivation, cash crops, aquaculture, and livestock.

Manufacturing

Kedah is rapidly advancing as a hub for high-value industries, particularly in aerospace, in line with its vision for a prosperous future outlined in the Kedah Strategic Development Plan 2035.

Services

In Kedah, efforts are concentrated on developing diverse service sectors like border and logistics economy, ecotourism, heritage tourism, geo-tourism, education, and the digital economy for economic prosperity and sustainability.

Green Economy

Kedah prioritizes the green economy, emphasizing biodiversity conservation, green technology adoption, and renewable energy to contribute to a sustainable future.

Sustainable Mining

Kedah's mining sector prioritizes sustainability and economic growth through stringent regulations and sustainable practices.

The New Work-Life Integrated Industrial Park

With its business-friendly ecosystem and industrial prowess, it is undoubtedly an attractive destination that captures the interest of investors, generating employment opportunities and fostering economic benefits through the expansion of industrial activities in the region.

NKIP's commitment to sustainability practices and technology integration further enhances its appeal, ensuring a future-forward environment that supports environmental responsibility and efficiency. Together, these elements contribute to NKIP's reputation as a premier industrial park that not only meets but exceeds the expectations of its tenants, providing a truly rewarding and productive experience for all involved.

The background features several translucent, 3D rectangular blocks in light blue, yellow, and pinkish-red, arranged in a stepped, architectural pattern. The blocks are positioned in the corners and along the sides of the slide, creating a modern, geometric aesthetic.

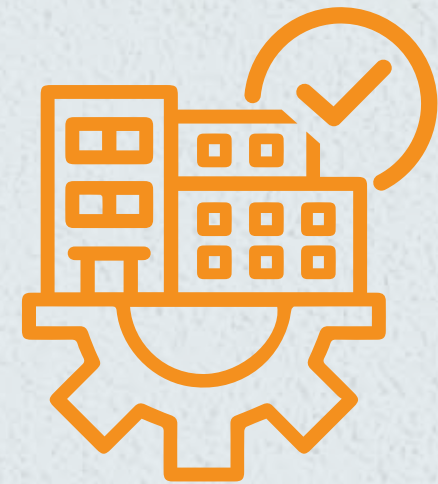

1 Catered for Your
Business Needs

2 Integrated
Necessities & Conveniences

3 Green Space for
Rest & Relaxation

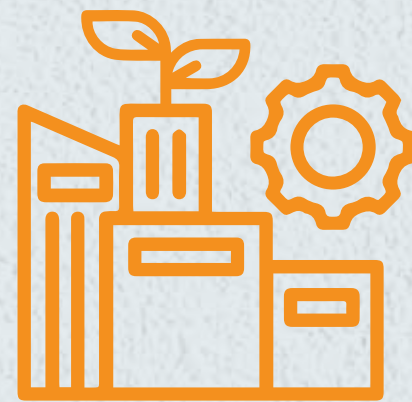

Unique Features

The NKIP stands out for its holistic approach, integrating industrial activities with features that prioritize well-being and community engagement. This unique combination positions it as a forward-thinking and attractive destination for businesses and their workforce.

Best-In-Class Infrastructure for Industrial Development

State-of-the-art infrastructure including continuous water, electricity, gas, and broadband connectivity ensures smooth industrial operations. Good soil quality and wide road access support construction and transportation needs. Upgraded roads and entrances optimize traffic flow, while a spacious boulevard enhances connectivity within the park. These provisions create an ideal environment for businesses to flourish.

Managed Industrial Park

Concept of 'guarded' design to facilitate the management control of industrial areas and increase the compliance of industries to legal requirements. Environmental Management Plan (EMP) & Audit such as Comply with the Land Disturbing Pollution Prevention and Mitigation Measures document, water quality control & monitoring, ambient air quality control & monitoring, noise control & monitoring program, waste handling and etc.

Strategic Surrounding Amenities

Easily accessible via the East-West Highway, just 45km from Butterworth and 20km from Kulim's center. Additional access from Padang Serai and Kuala Ketil via Jalan Kuala Ketil. Surrounding amenities include schools, hospitals, convenience stores, and more, ensuring all needs are nearby.

Dynamic Blend of Commercial Space

NKIP offers a commercial frontage with retail and drive-thru options, meeting the diverse needs of employees and residents. A spacious park complements this area, designed for family activities and relaxation, enhancing the overall appeal of NKIP. This environment fosters both business success and family well-being, supported by exceptional amenities and facilities.

Unique Features

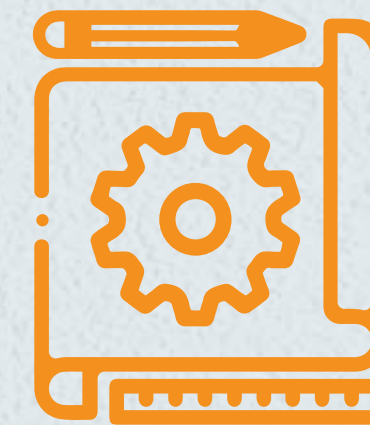

Nearby Residential Offerings

Convenient accommodations are abundant in established residential areas such as Taman DesaKu, Taman Desa Aman, Kampung Sungai Karangan, and Kampung Padang Meiha. These vibrant neighborhoods cater to the housing needs of knowledge workers, offering comfortable living spaces in close proximity to their workplaces.

Consultant & Contractor Services

Benefit from expert consultants who assist in various applications during setup. Collaborate with experienced project consultation teams and contractors to prepare your plant from drawing up plans to moving in. Enjoy hassle-free processes facilitated by a reliable team, ensuring a smooth transition for your business.

Customisable Lots

NKIP provides flexibility by allowing you to combine multiple lots, creating a tailored space to suit your needs. Choose from pre-designed configurations or opt for a build-to-suit solution. Customize your setup with options like heavier floor loading or cold rooms, aligning perfectly with your business and industry requirements.

Green Sustainability

NKIP's composition includes green spaces, industry, and commercial components. Lush green trees line the roads, enhancing the atmosphere and air quality. The development adheres to DOE guidelines for environmental responsibility. Unique construction features promote sustainability, ensuring efficient resource usage. This balance fosters a thriving business environment with robust facilities and improved quality of life for the NKIP community.

The background features a light blue textured surface with several 3D rectangular blocks of various sizes and colors (orange, blue, green, pink) scattered around. The text is centered in a bold, dark blue font.
